

Draft Conference Agenda

Wednesday, April 11, 2018

8:00 a.m. CONFERENCE REGISTRATION OPENS

9:00 – 10:30 a.m. EVIDENCE, OPINION AND FACT IN CANCER SCREENING

**Ballroom A
(& B if needed)**

When it comes to cancer screening, the evidence is often uncertain. This workshop will discuss why there are still gaps in the evidence in cancer screening and will demonstrate how to distinguish opinion from fact when filling in the gaps, using case studies from the professional and popular press. The recent fresh look at the prostate data collected in the PLCO project will be discussed.

Speaker: Ruth Etzioni, PhD, *Biostatistics Program, Public Health Sciences Division, Fred Hutchinson Cancer Research Center, @retzioni*

10:00 a.m. – 3:00 p.m. ADVOCACY WORKSHOP: HEALTH CARE DISPARITIES AND THEIR IMPACT ON PREVENTION

Continental B + C

The Prevent Cancer Foundation® is hosting this annual workshop at no cost to attendees. The event is open to the public and all Dialogue for Action attendees are invited to participate.

This workshop will focus on access and prevention issues at the federal, state and local levels. Expert speakers and panelists from across several chronic diseases will share insights and best practices from their experiences in increasing access to preventive services and eliminating socioeconomic, racial and geographic health disparities.

Participants are invited to work together to identify common obstacles in prevention and access and develop solutions to these pressing concerns in disease prevention.
