Part IV. Areas of Responsibility

Those sessions that are directed to advanced-level Sub-competencies may award advanced-level credit. Check the Areas of Responsibility (for entry-level events) or the Sub-competencies (for advanced-level events) that are met by the program’s learning objectives. Include this information for each session if learning objectives differ.

Entry-Level:
- I. Assess Needs, Resources, and Capacity for Health Education/Promotion
- II. Plan Health Education/Promotion
- III. Implement Health Education/Promotion
- IV. Conduct Evaluation and Research Related to Health Education/Promotion
- V. Administer and Manage Health Education/Promotion
- VI. Serve as a Health Education/Promotion Resource Person
- VII. Communicate, Promote and Advocate for Health, Health Education/Promotion and the Profession

| **HPV Vaccination Information-Sharing**                              | 10:30-11:45 AM | 1 hour, 15 minutes | 1.5       | I. Assess Needs, Resources, and Capacity for Health Education/Promotion  
II. Plan Health Education Promotion  
III. Implement Health Education  
V. Administer and Manage Health Education/Promotion  
- Discuss information on current HPV vaccination programs  
- Discuss opportunities and challenges in HPV vaccination programs  
- Identify characteristics of successful HPV vaccination programs |
| **Evidence, Opinion and Fact in Cancer Screening and Prevention**     | 1:00-2:30 PM  | 1 hour, 30 minutes | 1.5       | I. Assess Needs, Resources, and Capacity for Health Education/Promotion  
IV. Conduct Evaluation and Research Related to Health Education/ Promotion  
- Discuss the importance of appropriate use/interpretation of statistics in cancer screenings  
- Review basic cancer screening statistics  
- Demonstrate how to analyze evidence in cancer screening, and how to distinguish opinion from fact |
| **Information Exchange About State and Tribal Colorectal Cancer Screening Programs** | 1:00-2:15 PM  | 1 hour, 15 minutes | 1.5       | I. Assess Needs, Resources, and Capacity for Health Education/Promotion  
II. Plan Health Education Promotion  
V. Administer and Manage Health Education/Promotion  
- Discuss information shared by peers regarding state and tribal colorectal cancer screening programs  
- Discuss “best practices” in colorectal cancer screening programs  
- Identify characteristics of successful colorectal cancer screening programs |
| **American Indian/Alaska Native Meeting to Share Experiences with Cancer Screening and Prevention Programs in Indian Country** | 3:30-5:30 PM  | 2 hours     | 2.0       | I. Assess Needs, Resources, and Capacity for Health Education/Promotion  
II. Plan Health Education Promotion  
III. Implement Health Education  
V. Administer and Manage Health Education/Promotion  
- Explain the state of health in Indian Country  
- Identify opportunities and challenges of cancer screening and prevention programs for American Indians/Alaska Natives across Indian Country |

| Opening Keynote: Breast Inflammation: A Defining Moment? | 8:10-9:15 AM 1 hour, 5 minutes Suggested: 1.0 | I. Assess Needs, Resources, and Capacity for Health Education/Promotion  
II. Plan Health Education/Promotion  
VII. Communicate, Promote and Advocate for Health, Health Education/Promotion and the Profession | • Summarize current research findings on the link between adipose inflammation and increased risk of breast cancer  
• Describe current status of research, and where this research will be in 5-10 years and public health implications on this research  
• Discuss the idea of routine measures of body composition for cancer prevention and developing future preventive interventions |
| Research Updates in Cancer Screening       | 9:45-11:05 AM 1 hour, 20 minutes Suggested: 1.5 | I. Assess Needs, Resources, and Capacity for Health Education/Promotion  
IV. Conduct Evaluation and Research Related to Health Education/Promotion  
V. Administer and Manage Health Education/Promotion  
VII. Communicate, Promote and Advocate for Health, Health Education/Promotion and the Profession | • Discuss how a lung cancer screening program can help reduce health disparities  
• Identify new evidence on the value of breast cancer screening  
• Describe the research and evidence supporting liver cancer screening |
| Current Research on HPV Vaccination       | 11:05 AM-12:20 PM 1 hour, 15 minutes Suggested: 1.5 | I. Assess Needs, Resources, and Capacity for Health Education/Promotion  
II. Plan Health Education Promotion  
IV. Conduct Evaluation and Research Related to Health Education/Promotion  
VII. Communicate, Promote and Advocate for Health, Health Education/Promotion and the Profession | • Identify reasons why parents choose not to vaccinate their children against HPV  
• Discuss current research and best practices for increasing HPV vaccination among young homosexual men  
• Describe the evidence on HPV-associated oropharyngeal cancer and the HPV vaccine |
| Innovative Communications in Cancer Screening or Prevention | 1:50-3:05 PM | 1 hour, 15 minutes | Suggested: 1.5 | • Discuss the main barriers and enablers for effective colorectal cancer screening messaging for rural and minority populations  
• Discuss strategies and tips for developing or replicating smoking cessation programs  
• Identify unique challenges American Indians face in getting screened  
• Discuss the use of Adaptive Video Decision Aid and the research behind the tool to improve colorectal cancer screening among American Indians |
|-------------------------------------------------------------|--------------|-------------------|---------------|--------------------------------------------------------------------------------|
| Janice L. Krieger, PhD, STEM Translational Communication Center, University of Florida  
Kathryn L. Taylor, PhD, Department of Oncology, Lombardi Comprehensive Cancer Center, Georgetown University  
Leah Frerichs, PhD, Gillings School of Global Public Health, University of North Carolina | I. Assess Needs, Resources, and Capacity for Health Education/Promotion  
II. Plan Health Education Promotion  
III. Implement Health Education/Promotion  
IV. Conduct Evaluation and Research Related to Health Education/Promotion  
VII. Communicate, Promote and Advocate for Health, Health Education/Promotion and the Profession | | | |

| Concurrent Conversations | 3:25-4:45 PM | 1 hour, 20 minutes | Suggested: 1.5 | • Identify plans for implementing strategies for appropriate cancer prevention and screening  
• Discuss action steps needed to achieve goals related to each conversation topic  
*A follow-up outcome survey will be administrated to assess post-conference cancer screening activities of participants. |
|-------------------------------------------------------------|--------------|-------------------|---------------|--------------------------------------------------------------------------------|
| | II. Plan Health Education Promotion  
VI. Serve as a Health Education/Promotion Resource Person  
VII. Communicate, Promote and Advocate for Health, Health Education/Promotion and the Profession | | | |

| E-Cigs, Menthol Cigarettes and the FDA | 4:45- 5:35 PM | 40 minutes | Suggested: 1.0 | • Discuss the FDA’s comprehensive approach to tobacco and nicotine  
• From the perspective of FDA, discuss the particular issues of menthol cigarettes and e-cigs, including the continuum of risk and e-cigs as transition to reduced risk. |
|-------------------------------------------------------------|--------------|-----------------|---------------|--------------------------------------------------------------------------------|
| Mitch Zeller, JD, Center for Tobacco Products, Food and Drug Administration | I. Assess Needs, Resources, and Capacity for Health Education/Promotion  
V. Administer and Manage Health Education Promotion  
VII. Communicate, Promote and Advocate for Health, Health Education/Promotion and the Profession | | | |

| Closing Keynote: How New Technologies will Change Health Care in the Next Five Years | 8:05-9:10 AM 1 hour, 5 minutes Suggested: 1.0 | I. Assess Needs, Resources, and Capacity for Health Education/Promotion VII. Communicate, Promote and Advocate for Health, Health Education/Promotion and the Profession | • Discuss prospects for new technologies in health care and their potential impact on health and medical care  
• Discuss the future impact technology will have on cancer screening and prevention |
| Research on Cancer Prevention                     | 9:45-11:00 AM 1 hour, 15 minutes Suggested: 1.5 | I. Assess Needs, Resources, and Capacity for Health Education/Promotion IV. Conduct Evaluation and Research Related to Health Education/Promotion | • Describe the evidence for the relationship between the Mediterranean diet and the Breast Microbiome  
• Discuss the relationship between alcohol and cancer risk |
| Implementation and Sustainability of Evidence Based Programs: Lessons Learned the Colorectal Cancer Control Program | 11:00-11:35 AM 35 minutes Suggested: 0.5 | I. Assess Needs, Resources, and Capacity for Health Education/Promotion II. Plan Health Education Promotion III. Implement Health Education/Promotion IV. Conduct Evaluation and Research Related to Health Education/Promotion | • Discuss implementation and evaluation methods of current evidence based programs  
• Discuss lessons learned from evidence based programs |
| Issues in Cancer Screening Guidelines             | 11:35-12:45 PM 1 hour, 10 minutes Suggested: 1.0 | I. Assess Needs, Resources, and Capacity for Health Education/Promotion II. Plan Health Education Promotion | • Review the current colorectal cancer screening guidelines by the American Cancer Society and suggest effective implementation strategies  
• Discuss breast cancer screening guidelines and how to navigate the differences between guidelines  
• Discuss current cervical cancer screening guidelines and explore benefits and costs of combined testing |

TOTAL ENTRY CECH Requested : 19.0
